The Monarch Club teaches social/play skills to children in a fun, structured environment. The structure of the program also develops speech, language, fine motor, gross motor and social/play skills. This club is for elementary ages 8-11; middle school ages 12-16; and high school ages 15-19.

The Monarch Club for adolescents uses skills learned in the social butterflies group in a fun, less structured environment with peers.

The Monarch Club for teens uses social skills in life situations, such as learning to collaborate with peers or with coworkers on a project, or in a vocational setting.
