Project:Homes can build and install wheelchair ramps. Supported by our privately funded volunteer program, we build and install wheelchair ramps for low-income elderly and disabled homeowners at no charge. These individuals are often forced from their homes by lack of safe and affordable housing; and those who remain often live in unsafe homes with critical needs too expensive for them to address. Wheelchair ramps provide elderly and disabled homeowners with improved independence and quality of life.

Volunteers are always welcome.

The 24-Hour Hotline is (804) 458-2840.
