Audiology Hearing is a private diagnostic audiology and hearing aid dispensing practice offering services to children, adolescents and adults. Services include:

- Hearing Aid Evaluations
- Hearing Aid Fitting and Dispensing
- Hearing Aid Counseling and Aural Rehabilitation
- Hearing Aid Repair, Reprogramming, and Loaner Hearing Aid Service
- Battery Mailing Service
- Diagnostic Audiological Hearing Testing - to determine the nature and extent of the hearing impairment
- Diagnostic Vestibular (Balance) System Evaluation - to determine the nature and extent of balance disorders and dizziness.
- Diagnostic Assessment of Newborns and General Pediatric Hearing Assessment
- Industrial Hearing Assessment - for OSHA compliance for employees exposed to excessive noise levels in the workplace.
- Assistive Listening Devices (Infrared television listening devices, Bluetooth accessories, amplified telephones, alarm clocks, smoke detectors)
- Noise Protection (custom earplugs, musician's earplugs)

Allows patients to try a hearing aid with a 30 day trial period. No payment is required on hearing aids until the END of the trial period. Provides the following assistive technology services: hearing aids, alerting device services, assistive listening device services, hearing aid services, TDD equipment services, consumer training, corporate training, and industrial hearing conservation programs, diagnostic audiology. Offers the latest technology, specializing in digital hearing aids. Clinics have access to hearing aids from over 100 manufacturers and brands

worldwide, offering our patients a wide choice of, not only styles and technologies but brands as well.
