The NAMI Family Support Groups [Family to Family](#) is a free, 12-week course for family caregivers of individuals with severe behavioral health disorders. The program is offered at various times during the year. Visit [What the Course Covers](#).

Current information about schizophrenia, major depression, bipolar disorder, manic depression, panic disorder, obsessive-compulsive disorder, etc. is included in the course, as well as up-to-date about medications and current research. Focus is also on care for the caregiver and coping with worry and stress. Call for more details.
